Inspired Karters Electric

Pilani, Rajasthan

Core member

Mar 2022 - Present

- Led the Aerodynamics team as the **Operations Head**, overseeing project planning, execution, and progress tracking.
- Played a key role in organizing workshops and seminars to enhance team members' technical skills and knowledge.
- Assisted the team manager in various administrative tasks, including budget management, event coordination, and team recruitment.

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website from scratch using HTML, CSS, and JavaScript.
- Created a visually appealing and responsive layout to showcase projects, skills, and contact information.
- Implemented smooth scrolling and animated transitions for enhanced user experience.
- Utilized JavaScript libraries to create interactive features, such as image sliders and modal pop-ups.
- Optimized the website for search engines and ensured cross-browser compatibility.
- Continuously updated and maintained the website to reflect new projects and skills.

Flappy Bird Clone

- Designed and built a Flappy Bird clone using Python and Pygame.
- Implemented the core game mechanics, including character movement and collision detection.
- Developed an intuitive user interface with interactive buttons and menus.
- Integrated sound effects and visual assets to enhance the gaming experience.
- Conducted rigorous testing to identify and resolve bugs, ensuring smooth gameplay.
